| Base Fee | \$1,500 USD                     | Delivery Mode | Online / On-site Hybrid |

### Course Introduction

Airline-Airport Commercial Partnerships Training Course is designed to develop advanced expertise in strategic collaboration, revenue optimization, aviation business development, and partnership management between airlines and airport operators. The aviation industry is rapidly evolving through digital transformation, passenger experience innovation, ancillary revenue growth, sustainability initiatives, and competitive airport ecosystems. This course provides professionals with the knowledge and tools required to build commercially successful airline-airport relationships that enhance operational efficiency, customer value, and long-term profitability.

Participants will explore global best practices in airport commercial strategy, airline partnership frameworks, route development, joint marketing initiatives, negotiation techniques, and data-driven decision-making. Through practical case studies from leading international aviation hubs, learners will gain insights into creating win-win partnerships that support network expansion, passenger growth, financial performance, and sustainable aviation development.

### Programme Curriculum

#### Airline-Airport Commercial Partnerships Training Course

##### Introduction

Airline-Airport Commercial Partnerships Training Course is designed to develop advanced expertise in strategic collaboration, revenue optimization, aviation business development, and partnership management between airlines and airport operators. The aviation industry is rapidly evolving through digital transformation, passenger experience innovation, ancillary revenue growth, sustainability initiatives, and competitive airport ecosystems. This course provides professionals with the knowledge and tools required to build commercially successful

airline-airport relationships that enhance operational efficiency, customer value, and long-term profitability.

Participants will explore global best practices in airport commercial strategy, airline partnership frameworks, route development, joint marketing initiatives, negotiation techniques, and data-driven decision-making. Through practical case studies from leading international aviation hubs, learners will gain insights into creating win-win partnerships that support network expansion, passenger growth, financial performance, and sustainable aviation development.

### **Course Objectives**

By the end of this course, participants will be able to:

1. Understand strategic airline-airport partnership models and commercial aviation frameworks.
2. Develop effective airport revenue optimization and airline collaboration strategies.
3. Apply advanced negotiation techniques for airline partnership agreements.
4. Analyze airline network development and airport growth opportunities.
5. Implement data-driven commercial decision-making using aviation analytics.
6. Improve passenger experience through collaborative airline-airport initiatives.
7. Develop innovative marketing partnerships within the aviation ecosystem.
8. Understand airport incentives, route development programs, and airline attraction strategies.
9. Apply global aviation partnership best practices and benchmarking techniques.
10. Manage stakeholder relationships between airlines, airports, and aviation service providers.
11. Evaluate commercial performance using aviation KPIs and business intelligence tools.
12. Create sustainable partnership strategies aligned with future aviation trends.
13. Strengthen competitive advantage through strategic aviation alliances.

### **Organizational Benefits**

- Improved airline-airport relationship management and collaboration.
- Enhanced commercial revenue generation opportunities.
- Stronger airline retention and route expansion strategies.
- Improved passenger satisfaction and airport competitiveness.
- Better negotiation and partnership management capabilities.
- Increased understanding of aviation market trends.
- Improved decision-making through commercial analytics.
- Enhanced stakeholder engagement and communication.
- Stronger airport brand positioning and market presence.
- Development of sustainable aviation partnership models.

### **Target Audiences**

1. Airport commercial managers and executives.
2. Airline network planning and partnership teams.
3. Airport marketing and business development professionals.
4. Aviation authority representatives and regulators.
5. Airport operations and customer experience managers.
6. Airline sales, revenue management, and strategy professionals.

7. Aviation consultants and business analysts.
8. Airport investors and aviation industry stakeholders.

**Course Duration:** 5 days

## **Course Modules**

### **Module 1: Foundations of Airline-Airport Commercial Partnerships**

- Understanding aviation commercial ecosystems and partnership structures.
- Roles and responsibilities of airlines and airport operators.
- Key drivers influencing airline-airport collaboration.
- Developing strategic partnership frameworks for aviation growth.
- Global case study: Singapore Changi Airport and airline partnership strategies.
- Exploring future trends in aviation commercial partnerships.

### **Module 2: Airport Commercial Strategy and Revenue Growth**

- Designing airport commercial strategies aligned with airline objectives.
- Airport revenue streams and airline partnership opportunities.
- Passenger growth strategies through collaborative initiatives.
- Maximizing aeronautical and non-aeronautical revenue opportunities.
- Global case study: Dubai International Airport commercial development model.
- Applying revenue optimization techniques in airport management.

### **Module 3: Airline Network Development and Route Partnerships**

- Understanding airline network planning and airport connectivity.
- Developing route attraction and retention strategies.
- Airport incentives and airline growth programs.
- Evaluating market demand and route profitability.
- Global case study: Amsterdam Schiphol Airport route development initiatives.
- Using aviation data analytics for network expansion decisions.

### **Module 4: Partnership Negotiation and Contract Management**

- Principles of successful airline-airport negotiations.
- Developing commercial agreements and partnership frameworks.
- Managing incentives, fees, and performance commitments.
- Building long-term strategic relationships.
- Global case study: Qatar Airways and Doha Hamad International Airport partnership.
- Applying negotiation strategies for mutual business success.

## **Module 5: Marketing Collaboration and Passenger Growth**

- Creating joint airline-airport marketing campaigns.
- Developing destination promotion partnerships.
- Enhancing passenger acquisition and loyalty strategies.
- Leveraging digital marketing and customer engagement tools.
- Global case study: Heathrow Airport airline marketing collaborations.
- Measuring marketing partnership effectiveness.

## **Module 6: Digital Transformation and Aviation Analytics**

- Using technology to strengthen commercial partnerships.
- Applying business intelligence for aviation decision-making.
- Data sharing strategies between airlines and airports.
- Digital platforms for partnership management.
- Global case study: Hong Kong International Airport digital initiatives.
- Implementing predictive analytics for commercial performance.

## **Module 7: Sustainability and Future Aviation Partnerships**

- Integrating sustainability into airline-airport collaboration.
- Developing green aviation partnership strategies.
- Supporting carbon reduction and environmental targets.
- Exploring future aviation business models.
- Global case study: European airport sustainability partnerships.
- Creating resilient partnerships for future aviation challenges.

## **Module 8: Partnership Performance Management and Best Practices**

- Establishing partnership KPIs and performance measurement systems.
- Managing stakeholder expectations and communication.
- Reviewing commercial partnership success factors.
- Developing continuous improvement strategies.
- Global case study: Los Angeles International Airport airline partnership programs.
- Creating an action plan for successful airline-airport partnerships.

## **Training Methodology**

- Interactive instructor-led sessions focusing on aviation commercial strategies.
- Real-world global case studies from leading airports and airlines.
- Group discussions and partnership strategy workshops.

- Practical exercises on negotiation and commercial planning.
- Aviation industry simulations and scenario-based learning.
- Data analysis activities using aviation business examples.
- Peer-to-peer knowledge sharing among aviation professionals.
- Expert presentations covering current aviation market trends.

Send us an email: [info@fineskilltrainingcenter.org](mailto:info@fineskilltrainingcenter.org) or call +254769199797

### Certification

*Upon successful completion of this training, participants will be issued with a globally- recognized certificate.*

### Tailor-Made Course

*We also offer tailor-made courses based on your needs.*

### Key Notes

- The participant must be conversant with English.
- Upon completion of training the participant will be issued with an Authorized Training Certificate
- Course duration is flexible and the contents can be modified to fit any number of days.
- The course fee includes facilitation training materials, 2 coffee breaks, buffet lunch and A Certificate upon successful completion of Training
- One-year post-training support Consultation and Coaching provided after the course.
- Payment should be done at least a week before commencement of the training, to Fineskill Training Center account, as indicated in the invoice so as to enable us prepare better for you.

## Upcoming Scheduled Sessions

| Start Date  | End Date    | Location | Price   |
|-------------|-------------|----------|---------|
| 21 Sep 2026 | 25 Sep 2026 | Online   | \$1,000 |
| 21 Sep 2026 | 25 Sep 2026 | Physical | \$1,500 |
| 21 Sep 2026 | 25 Sep 2026 | Physical | \$0     |
| 21 Sep 2026 | 25 Sep 2026 | Physical | \$0     |

| Start Date  | End Date    | Location | Price |
