Customs and Border Revenue Management Training Course

Professional Development Training Course Outline

Category	Public Financial Management & Budgeting	**Duration**	5 Days
Base Fee	$1,500 USD	**Delivery Mode**	Online / On-site Hybrid

Course Introduction

Effective Customs and Border Revenue Management plays a critical role in driving international trade facilitation, economic growth, and national security. With rising global trade, governments and border agencies must strengthen their capabilities in customs compliance, risk management, digital transformation, and revenue collection systems. Customs and Border Revenue Management Training Course equips professionals with cutting-edge knowledge and skills in customs operations, trade regulations, taxation policies, anti-smuggling strategies, and border security frameworks, ensuring improved efficiency and maximized revenue mobilization.

The program combines global best practices, case studies, and hands-on approaches to develop expertise in customs law, valuation techniques, tariff classification, supply chain security, and public-private partnerships. Designed for revenue officers, customs managers, trade professionals, and government policymakers, the course ensures participants gain advanced competence in data-driven customs management, e-customs systems, and trade risk analytics. Graduates will be well-prepared to strengthen border control, combat illicit trade, enhance customs modernization, and boost sustainable revenue collection.
