Feline Behaviour & Psychology Training Course

Professional Development Training Course Outline

Category	Veterinary and Animal Science	**Duration**	5 Days
Base Fee	$1,500 USD	**Delivery Mode**	Online / On-site Hybrid

Course Introduction

Understanding feline behaviour is essential for creating harmonious human-cat relationships and improving overall feline welfare. Feline Behaviour & Psychology Training Course equips learners with advanced knowledge of cat psychology, behaviour patterns, communication cues, and problem-solving strategies. Participants will gain expertise in feline enrichment, stress management, and behavioural modification, enabling them to support cats in domestic, shelter, and clinical settings. This course emphasizes evidence-based methodologies, practical applications, and case study analyses to foster professional competence in feline behaviour management.

With an increasing global focus on animal welfare, pet mental health, and ethical training practices, mastering feline psychology has never been more relevant. The course blends interactive learning, hands-on case studies, and behavioural assessments to provide actionable insights. Participants will learn to identify triggers of undesirable behaviours, promote positive reinforcement strategies, and develop customized intervention plans. By integrating the latest trends in cat care, enrichment techniques, and veterinary behavioural science, this course empowers learners to become certified feline behaviour specialists capable of transforming the lives of cats and their human companions.

Programme Curriculum

Feline Behaviour & Psychology Training Course

Introduction

Understanding feline behaviour is essential for creating harmonious human-cat relationships and improving overall feline welfare. Feline Behaviour & Psychology Training Course equips learners with advanced knowledge of cat psychology, behaviour patterns, communication cues, and problem-solving strategies. Participants will gain expertise in feline enrichment, stress management, and behavioural modification, enabling

them to support cats in domestic, shelter, and clinical settings. This course emphasizes evidence-based methodologies, practical applications, and case study analyses to foster professional competence in feline behaviour management.

With an increasing global focus on animal welfare, pet mental health, and ethical training practices, mastering feline psychology has never been more relevant. The course blends interactive learning, hands-on case studies, and behavioural assessments to provide actionable insights. Participants will learn to identify triggers of undesirable behaviours, promote positive reinforcement strategies, and develop customized intervention plans. By integrating the latest trends in cat care, enrichment techniques, and veterinary behavioural science, this course empowers learners to become certified feline behaviour specialists capable of transforming the lives of cats and their human companions.

Course Duration

5 days

Course Objectives

1. Understand feline communication, body language, and vocalization patterns.
2. Identify normal vs. abnormal feline behaviour for early intervention.
3. Apply evidence-based behavioural modification techniques.
4. Develop expertise in environmental enrichment strategies for cats.
5. Manage stress, anxiety, and aggression in domestic and shelter cats.
6. Implement positive reinforcement training and clicker techniques.
7. Assess behavioural problems using practical case studies.
8. Enhance cat welfare in multi-cat households.
9. Integrate feline psychology into veterinary practice and consultations.
10. Explore feline cognition, learning, and social interactions.
11. Address behavioural issues like litter box problems, scratching, and excessive meowing.
12. Apply ethical and humane approaches in feline behaviour interventions.
13. Stay updated with emerging trends in pet behaviour science and cat wellness.

Target Audience

1. Cat owners seeking behavioural guidance
2. Veterinary professionals
3. Animal shelter staff
4. Pet behaviour consultants
5. Professional cat trainers
6. Veterinary students
7. Pet bloggers and influencers
8. Animal welfare advocates

Course Modules
