Islamic Banking and Finance Training Course

Professional Development Training Course Outline

Category	Banking Institute	**Duration**	5 Days
Base Fee	$1,500 USD	**Delivery Mode**	Online / On-site Hybrid

Course Introduction

Islamic Banking and Finance Training Course provides a comprehensive understanding of Shariah-compliant banking principles, Islamic financial instruments, ethical finance models, and modern Islamic financial innovation. This advanced programme equips banking professionals with the knowledge required to operate within the rapidly growing global Islamic finance ecosystem, integrating Shariah governance, risk management, digital transformation, sustainable finance, and regulatory compliance. Participants explore the foundations of Islamic economics, including prohibition of interest (Riba), avoidance of excessive uncertainty (Gharar), ethical investment principles, profit-and-loss sharing models, and asset-backed financing structures. The course addresses emerging trends such as Islamic fintech, green Sukuk, digital Islamic banking, financial inclusion, and responsible investment strategies.

Designed for professionals seeking expertise in Islamic financial services, banking operations, investment management, treasury, risk, compliance, and regulatory frameworks, this course bridges traditional Islamic principles with contemporary banking practices. Through practical applications, global case studies, and industry-focused exercises, participants gain the capability to design, manage, and evaluate Shariah-compliant financial products and services. The programme supports financial institutions in achieving innovation, customer trust, operational excellence, and sustainable growth within local and international Islamic finance markets.

Programme Curriculum

Islamic Banking and Finance Training Course

Introduction

Islamic Banking and Finance Training Course provides a comprehensive understanding of Shariah-compliant banking principles, Islamic financial instruments, ethical finance models, and modern Islamic financial innovation. This advanced programme equips banking professionals with the knowledge required to operate

within the rapidly growing global Islamic finance ecosystem, integrating Shariah governance, risk management, digital transformation, sustainable finance, and regulatory compliance. Participants explore the foundations of Islamic economics, including prohibition of interest (Riba), avoidance of excessive uncertainty (Gharar), ethical investment principles, profit-and-loss sharing models, and asset-backed financing structures. The course addresses emerging trends such as Islamic fintech, green Sukuk, digital Islamic banking, financial inclusion, and responsible investment strategies.

Designed for professionals seeking expertise in Islamic financial services, banking operations, investment management, treasury, risk, compliance, and regulatory frameworks, this course bridges traditional Islamic principles with contemporary banking practices. Through practical applications, global case studies, and industry-focused exercises, participants gain the capability to design, manage, and evaluate Shariah-compliant financial products and services. The programme supports financial institutions in achieving innovation, customer trust, operational excellence, and sustainable growth within local and international Islamic finance markets.

Course Duration

5 days
