Loan Recovery Strategies for Banks Training Course

Professional Development Training Course Outline

Category	Banking Institute	**Duration**	5 Days
Base Fee	$1,500 USD	**Delivery Mode**	Online / On-site Hybrid

Course Introduction

Loan Recovery Strategies for Banks Training Course is designed to equip banking professionals with advanced credit recovery techniques, distressed asset management strategies, non-performing loan (NPL) resolution frameworks, and digital debt collection solutions. As financial institutions face increasing pressure from credit risk exposure, rising default rates, regulatory compliance requirements, and economic uncertainty, effective loan recovery has become a strategic priority. This course focuses on modern loan portfolio optimization, collections intelligence, borrower engagement, restructuring strategies, and sustainable recovery models that enable banks to protect profitability while maintaining customer relationships.

This comprehensive training program integrates AI-driven collections, data analytics, behavioral credit scoring, legal recovery frameworks, negotiation techniques, and international best practices in banking recovery operations. Participants will explore practical approaches for managing retail loans, SME financing, corporate lending, mortgage portfolios, and impaired assets through real-world case studies. The course empowers banking professionals to develop proactive recovery strategies, reduce credit losses, improve recovery rates, and build resilient lending operations aligned with modern risk management and digital banking transformation trends.
