Managing Public Sector Grants and Subsidies Training Course

Professional Development Training Course Outline

Category	Public Financial Management & Budgeting	**Duration**	5 Days
Base Fee	$1,500 USD	**Delivery Mode**	Online / On-site Hybrid

Course Introduction

Effective management of public sector grants and subsidies is critical in promoting good governance, accountability, financial transparency, and sustainable development. Governments worldwide allocate significant resources to grants and subsidies programs that drive social, economic, and infrastructure development. However, without robust monitoring, compliance frameworks, and strategic allocation, these funds risk misuse, inefficiency, and corruption. This course provides participants with the necessary tools to ensure effective grant administration, subsidy management, financial accountability, and performance measurement aligned with international best practices.

Managing Public Sector Grants and Subsidies Training Course equips participants with advanced skills in program design, financial reporting, risk management, donor compliance, and evaluation of subsidy impact. By blending global case studies, real-life simulations, and practical frameworks, this program enhances the capacity of public officials, policymakers, auditors, and development practitioners. It emphasizes digital transformation in grants management, sustainable financing models, fraud prevention, and policy alignment with SDGs (Sustainable Development Goals) to strengthen trust and deliver impact.
