PPP Legal and Regulatory Frameworks Training Course

Professional Development Training Course Outline

Category	General Training	**Duration**	5 Days
Base Fee	$1,500 USD	**Delivery Mode**	Online / On-site Hybrid

Course Introduction

Public-Private Partnerships legal and regulatory frameworks provide the foundation for transparent, bankable, accountable, and sustainable infrastructure investment. Public-Private Partnerships Legal and Regulatory Frameworks Training Course equips professionals with advanced knowledge of public-private partnership legislation, regulatory compliance, procurement law, contractual frameworks, institutional governance, risk allocation, dispute resolution, and project enforcement. The course examines how governments can establish robust legal systems that attract private-sector investment while protecting public interests, improving infrastructure delivery, and strengthening investor confidence.

Participants will explore international Public-Private Partnerships standards, legislative drafting, concession agreements, procurement regulations, contract management, fiscal responsibilities, regulatory oversight, and emerging legal issues affecting infrastructure finance. Through practical exercises and global case studies, participants will develop the ability to assess legal risks, design effective regulatory frameworks, structure compliant transactions, and support successful Public-Private Partnerships programs across infrastructure and public-service sectors.

Programme Curriculum

Public-Private Partnerships Legal and Regulatory Frameworks Training Course

Introduction

Public-Private Partnerships legal and regulatory frameworks provide the foundation for transparent, bankable, accountable, and sustainable infrastructure investment. Public-Private Partnerships Legal and Regulatory Frameworks Training Course equips professionals with advanced knowledge of public-private partnership legislation, regulatory compliance, procurement law, contractual frameworks, institutional governance, risk allocation, dispute resolution, and project enforcement. The course examines how governments can establish

robust legal systems that attract private-sector investment while protecting public interests, improving infrastructure delivery, and strengthening investor confidence.

Participants will explore international Public-Private Partnerships standards, legislative drafting, concession agreements, procurement regulations, contract management, fiscal responsibilities, regulatory oversight, and emerging legal issues affecting infrastructure finance. Through practical exercises and global case studies, participants will develop the ability to assess legal risks, design effective regulatory frameworks, structure compliant transactions, and support successful Public-Private Partnerships programs across infrastructure and public-service sectors.

Course Objectives

By the end of this course, participants will be able to:

1. Analyze Public-Private Partnerships legal and regulatory frameworks.
2. Develop effective Public-Private Partnerships legislation and policies.
3. Evaluate procurement, concession, and contracting requirements.
4. Strengthen regulatory compliance and institutional governance.
5. Identify and mitigate legal, contractual, and commercial risks.
6. Apply international Public-Private Partnerships standards and best practices.
7. Structure bankable and legally enforceable Public-Private Partnerships agreements.
8. Develop effective risk-allocation and contractual mechanisms.
9. Apply dispute-resolution and contract-enforcement strategies.
10. Assess environmental, social, and regulatory obligations.
11. Improve investor protection and market confidence.
12. Address emerging legal issues in infrastructure investment.
13. Support transparent, accountable, and sustainable Public-Private Partnerships transactions.

Organizational Benefits

- Stronger legal certainty for infrastructure projects.
- Improved regulatory compliance and governance.
- Better protection of public and private-sector interests.
- Reduced contractual and litigation risks.
- Enhanced investor confidence and project bankability.
- More transparent procurement processes.
- Improved risk allocation and contract management.
- Stronger institutional capacity for Public-Private Partnerships.
- Greater alignment with international best practices.
- More sustainable infrastructure investment outcomes.

Target Audiences

1. Public-Private Partnerships unit and program managers.
2. Government policymakers and regulatory officials.
3. Infrastructure and investment professionals.
4. Lawyers and legal advisors.

5. Procurement and contract management specialists.
6. Project finance and investment professionals.
7. Development finance and donor-agency professionals.
8. Private-sector executives and concessionaires.

Course Duration: 5 days

Course Modules

Module 1: Foundations of Public-Private Partnerships Legal Frameworks

- Principles and characteristics of Public-Private Partnerships law.
- Legal foundations for infrastructure partnerships.
- Roles of government, private investors, regulators, and contracting authorities.
- Public interest, investor protection, and legal certainty.
- Comparative legal systems and international standards.
- Case study: United Kingdom Private Finance Initiative and Public-Private Partnerships framework.

Module 2: Public-Private Partnerships Policy, Legislation and Institutional Governance

- Legislative requirements for Public-Private Partnerships programs.
- Policy development and regulatory reform.
- Institutional mandates and authority allocation.
- Public-Private Partnerships units and oversight institutions.
- Intergovernmental coordination and accountability.
- Case study: South Africa’s Public-Private Partnerships regulatory framework.

Module 3: Procurement Law and Competitive Selection

- Public-Private Partnerships procurement principles.
- Competitive bidding and tender evaluation requirements.
- Prequalification, unsolicited proposals, and transparency.
- Evaluation criteria and procurement challenges.
- Integrity, anti-corruption, and conflict-of-interest controls.
- Case study: Canada’s competitive Public-Private Partnerships procurement approach.

Module 4: Contractual and Concession Frameworks

- Public-Private Partnerships agreements and concession structures.
- Key contractual provisions and obligations.
- Performance standards and payment mechanisms.
- Change-in-law and force-majeure provisions.
- Termination, compensation, and step-in rights.

- Case study: Kenya’s infrastructure concession and Public-Private Partnerships framework.

Module 5: Risk Allocation and Regulatory Compliance

- Legal principles of Public-Private Partnerships risk allocation.
- Political, regulatory, construction, operational, and financial risks.
- Government guarantees and contingent liabilities.
- Environmental, social, and regulatory compliance.
- Monitoring, reporting, and enforcement mechanisms.
- Case study: Australian Public-Private Partnerships risk-allocation guidelines.

Module 6: Project Finance, Fiscal Rules and Investor Protection

- Legal structures supporting project finance.
- Security arrangements and lender protections.
- Government support and financial guarantees.
- Fiscal affordability and contingent-liability management.
- Foreign investment and investor protection provisions.
- Case study: Philippine Public-Private Partnerships infrastructure financing framework.

Module 7: Dispute Resolution, Contract Management and Enforcement

- Public-Private Partnerships dispute-resolution mechanisms.
- Negotiation, mediation, arbitration, and litigation.
- Contract administration and performance enforcement.
- Default, termination, compensation, and renegotiation.
- Managing contractual changes and claims.
- Case study: International arbitration in major infrastructure concessions.

Module 8: Emerging Legal Issues and International Best Practices

- Digital infrastructure and technology-related Public-Private Partnerships.
- Climate change, sustainability, and green infrastructure regulation.
- Data protection, cybersecurity, and emerging technology risks.
- Cross-border investment and harmonization of legal frameworks.
- Regulatory innovation and future Public-Private Partnerships reforms.
- Case study: European infrastructure projects incorporating sustainability and digital regulation.

Training Methodology

- Interactive instructor-led presentations.

- Practical legal and regulatory framework exercises.
- Group discussions and stakeholder negotiation simulations.
- Contract and legislative document analysis.
- Global case-study analysis and comparative benchmarking.
- Public-Private Partnerships project risk and compliance workshops.
- Role-play exercises involving government, investors, regulators, and lenders.
- Question-and-answer sessions and facilitated peer learning.
