

Search Engine Optimization (SEO) for Public Relations (PR) Training Course

Professional Development Training Course Outline

Category	General Training	Duration	5 Days
Base Fee	\$1,500 USD	Delivery Mode	Online / On-site Hybrid

Course Introduction

Search Engine Optimization (SEO) for PR is a modern digital communication discipline that integrates search visibility, brand reputation management, digital storytelling, and media amplification. In today's competitive online ecosystem, PR professionals are no longer limited to traditional media coverage; they must ensure that brand narratives rank highly on Google, Bing, and other search engines. Search Engine Optimization (SEO) for Public Relations (PR) Training Course equips learners with advanced skills in SEO-driven PR strategies, online reputation optimization, keyword-rich press releases, and AI-powered content distribution to maximize brand visibility and authority.

With the rise of AI search algorithms, semantic SEO, zero-click searches, and digital brand reputation signals, PR practitioners must understand how search engines interpret news, authority, and engagement. This course bridges the gap between public relations, content marketing, and technical SEO, enabling participants to craft high-ranking press releases, optimize earned media, and build authoritative digital footprints across search engines and social platforms.
