Professional Development Training Course Outline

Category	General Training	Duration	5 Days
Base Fee	\$1,500 USD	Delivery Mode	Online / On-site Hybrid

Course Introduction

In today's hyper-connected digital ecosystem, Social Media Crisis Management has become a mission-critical competency for every brand, organization, and public-facing entity. A single viral post, customer complaint, misinformation wave, or PR misstep can escalate into a full-scale digital reputation crisis within minutes. Social Media Crisis Management Training Course equips participants with advanced skills in online reputation management, crisis communication strategy, brand protection, and real-time response frameworks to mitigate risks across platforms such as Facebook, Instagram, X (Twitter), TikTok, LinkedIn, and emerging social channels.

The course is designed to build expertise in crisis detection, sentiment analysis, social listening tools, stakeholder communication, and damage control strategies. Participants will learn how to proactively prevent crises, respond effectively under pressure, and rebuild brand trust using structured recovery models. By integrating real-world case studies, AI-driven monitoring techniques, and modern PR strategies, this program ensures professionals are fully prepared for the fast-evolving landscape of digital crisis escalation, misinformation management, and brand resilience engineering.
