

Social Media Reputation Management Training Course

Professional Development Training Course Outline

Category	General Training	Duration	5 Days
Base Fee	\$1,500 USD	Delivery Mode	Online / On-site Hybrid

Course Introduction

In today’s hyper-connected digital ecosystem, Social Media Reputation Management (SORM) has become a critical pillar for brand survival, growth, and trust-building. Every tweet, review, comment, and viral post can significantly influence brand perception, online credibility, and customer loyalty. Organizations that fail to actively monitor and manage their digital presence risk losing market share, customer trust, and long-term authority in their industry. Social Media Reputation Management Training Course is designed to equip learners with advanced skills in online reputation monitoring, crisis management, sentiment analysis, and digital brand positioning using cutting-edge tools and strategies.

With the rise of AI-driven analytics, influencer ecosystems, review platforms, and real-time social listening tools, businesses must adopt proactive strategies to safeguard their online identity. This course empowers participants to master reputation repair, brand sentiment optimization, viral content response strategies, and digital PR tactics. Learners will gain practical knowledge on managing both organic and paid reputation signals across platforms like Facebook, Instagram, X (Twitter), TikTok, LinkedIn, and Google Reviews, ensuring sustainable digital authority in competitive markets.
