

The Shingo Model of Operational Excellence Training Course

Professional Development Training Course Outline

Category	Quality Assurance and ISO standards	Duration	5 Days
Base Fee	\$1,500 USD	Delivery Mode	Online / On-site Hybrid

Course Introduction

The Shingo Model of Operational Excellence Training Course is designed to equip professionals and organizations with a deep understanding of sustainable business transformation through the integration of operational excellence principles. This course emphasizes continuous improvement, cultural enablers, and systems thinking, helping participants build agile organizations that thrive in competitive environments. By exploring the Shingo Guiding Principles, participants gain practical tools to eliminate waste, enhance leadership effectiveness, and foster a culture of innovation.

In today's fast-paced business landscape, companies that align strategy, systems, and behavior gain a powerful competitive edge. This training course focuses on teaching participants how to achieve organizational excellence by embedding core values into daily operations. With case studies, interactive exercises, and real-world applications, participants will learn how to bridge the gap between theory and practice, ensuring lasting impact on performance, customer satisfaction, and employee engagement.
