Programme Curriculum

Labour Migration Management

Labour migration plays a crucial role in the global economy, providing opportunities for workers while addressing skills shortages in host countries. Training course on labour migration management aims to equip participants with the knowledge and skills necessary to manage labour migration effectively and ethically.

Participants will explore key concepts such as migration policies, international frameworks, and the socio-economic impacts of labour migration. The course will emphasize the importance of protecting migrant workers' rights, promoting integration, and fostering cooperation among stakeholders. By understanding the complexities of labour migration management, participants will be better prepared to implement effective strategies that benefit migrants and host communities. Through a combination of theoretical insights and practical applications, this course will empower participants to enhance their labour migration management practices.
