Training Course on Leading Multi-Stakeholder Partnerships in Education

Professional Development Training Course Outline

Category	Educational Leadership and Management	**Duration**	5 Days
Base Fee	$1,500 USD	**Delivery Mode**	Online / On-site Hybrid

Course Introduction

In today’s interconnected world, leading multi-stakeholder partnerships in education is essential for advancing equity, innovation, and sustainable education systems. Education leaders, policymakers, and sector practitioners must foster dynamic collaborations between governments, private sector entities, NGOs, community stakeholders, and international bodies. Effective leadership in these partnerships drives impactful policies, resource mobilization, and scalable solutions addressing 21st-century educational challenges, including digital transformation, inclusive education, and lifelong learning.

Training Course on Leading Multi-Stakeholder Partnerships in Education empowers participants to design, manage, and optimize multi-sector collaborations in education, ensuring alignment with SDG 4 (Quality Education) and global development agendas. By applying evidence-based strategies, innovative governance frameworks, and data-driven decision-making, participants will lead partnerships that deliver measurable outcomes in educational access, quality, and equity across diverse contexts.

Programme Curriculum

Training Course on Leading Multi-Stakeholder Partnerships in Education

Introduction

In today’s interconnected world, leading multi-stakeholder partnerships in education is essential for advancing equity, innovation, and sustainable education systems. Education leaders, policymakers, and sector practitioners must foster dynamic collaborations between governments, private sector entities, NGOs, community stakeholders, and international bodies. Effective leadership in these partnerships drives impactful policies, resource mobilization, and scalable solutions addressing 21st-century educational challenges, including digital transformation, inclusive education, and lifelong learning.

Training Course on Leading Multi-Stakeholder Partnerships in Education empowers participants to design, manage, and optimize multi-sector collaborations in education, ensuring alignment with SDG 4 (Quality Education) and global development agendas. By applying evidence-based strategies, innovative governance frameworks, and data-driven decision-making, participants will lead partnerships that deliver measurable outcomes in educational access, quality, and equity across diverse contexts.

Course Objectives

1. Understand the dynamics of multi-stakeholder collaboration in education ecosystems.
2. Develop skills for strategic leadership in education partnerships.
3. Build capacity to align partnership goals with Sustainable Development Goals (SDG 4).
4. Strengthen competencies in governance, accountability, and transparency mechanisms.
5. Apply techniques for stakeholder engagement and consensus building.
6. Master approaches to resource mobilization and sustainable financing.
7. Leverage data analytics for evidence-based decision making in education partnerships.
8. Navigate public-private partnership (PPP) frameworks in education.
9. Promote inclusive education and equity-driven partnership models.
10. Integrate digital transformation and EdTech solutions in collaborative projects.
11. Enhance skills in monitoring, evaluation, and impact assessment of education programs.
12. Apply policy advocacy and negotiation strategies in multi-stakeholder settings.
13. Design innovative partnership models for scalable educational reforms.

Target Audiences

1. Education Policy Makers
2. Government Education Officials
3. NGO Leaders in Education
4. Private Sector Education Partners
5. School and University Administrators
6. International Development Practitioners
7. Educational Researchers and Consultants
8. Community-Based Education Advocates

Course Duration: 5 days
