Training Course on Retirement Coaching and Behavioral Nudges

Professional Development Training Course Outline

Category	Pension and Retirement	**Duration**	10 Days
Base Fee	$3,000 USD	**Delivery Mode**	Online / On-site Hybrid

Course Introduction

Training Course on Retirement Coaching and Behavioral Nudges is designed to equip financial professionals with the skills and knowledge necessary to effectively coach clients on retirement planning while leveraging behavioral nudges to influence positive financial behaviors. As individuals face numerous decisions regarding their retirement savings and planning, understanding how to motivate and guide them can significantly enhance their financial outcomes. This course focuses on the principles of retirement coaching and the application of behavioral economics in financial decision-making. Participants will explore key topics such as coaching techniques, behavioral biases, nudges, and strategies for fostering client engagement. The curriculum integrates theoretical concepts with practical applications, featuring case studies and interactive exercises that allow attendees to engage with real-world scenarios. By the end of the training, participants will be well-equipped to implement effective retirement coaching strategies that promote client success.
