Treasury Single Account (TSA) Implementation Training Course

Professional Development Training Course Outline

Category	Public Financial Management & Budgeting	**Duration**	5 Days
Base Fee	$1,500 USD	**Delivery Mode**	Online / On-site Hybrid

Course Introduction

Treasury Single Account (TSA) Implementation Training Course is designed to provide an in-depth understanding of public financial management (PFM), government cash management, fiscal transparency, and accountability in public sector finance. With a focus on digital payment systems, fiscal reforms, financial inclusion, and efficient budget execution, this course equips participants with the knowledge and tools to implement TSA successfully. Participants will explore the role of TSA in eliminating idle balances, strengthening liquidity management, reducing borrowing costs, and enhancing financial discipline.

Through practical insights, case studies, and hands-on strategies, the course emphasizes the global best practices in public sector reforms, e-governance, financial automation, and central bank operations. By aligning TSA reforms with economic governance, anti-corruption mechanisms, and fiscal sustainability, participants will learn how to design, implement, and monitor TSA frameworks for effective resource mobilization, expenditure control, and good governance.

Programme Curriculum

Treasury Single Account (TSA) Implementation Training Course

Introduction

Treasury Single Account (TSA) Implementation Training Course is designed to provide an in-depth understanding of public financial management (PFM), government cash management, fiscal transparency, and accountability in public sector finance. With a focus on digital payment systems, fiscal reforms, financial inclusion, and efficient budget execution, this course equips participants with the knowledge and tools to implement TSA successfully. Participants will explore the role of TSA in eliminating idle balances, strengthening

liquidity management, reducing borrowing costs, and enhancing financial discipline.

Through practical insights, case studies, and hands-on strategies, the course emphasizes the global best practices in public sector reforms, e-governance, financial automation, and central bank operations. By aligning TSA reforms with economic governance, anti-corruption mechanisms, and fiscal sustainability, participants will learn how to design, implement, and monitor TSA frameworks for effective resource mobilization, expenditure control, and good governance.

Course Objectives

1. Understand the concept, principles, and benefits of TSA in public financial management.
2. Explore cash management and liquidity optimization under TSA frameworks.
3. Strengthen public finance transparency and accountability mechanisms.
4. Analyze global case studies on TSA adoption for benchmarking.
5. Implement digital payment systems and e-government platforms.
6. Design strategies for reducing fiscal leakages and corruption.
7. Enhance budget execution efficiency through TSA integration.
8. Study the role of central banks in TSA operations.
9. Apply ICT and financial automation in TSA reforms.
10. Promote inclusive governance and financial sustainability.
11. Examine legal, institutional, and regulatory frameworks for TSA.
12. Strengthen public-private partnerships (PPP) in TSA implementation.
13. Develop strategies for change management and capacity building in TSA reforms.

Target Audiences

1. Government finance officers
2. Central bank officials
3. Public sector accountants and auditors
4. Treasury and budget department staff
5. Policy makers and regulators
6. Anti-corruption agencies
7. ICT and financial system developers
8. Development partners and donor agencies
