

Viral Campaign Design Training Course

Professional Development Training Course Outline

Category	General Training	Duration	5 Days
Base Fee	\$1,500 USD	Delivery Mode	Online / On-site Hybrid

Course Introduction

In today's hyper-connected digital ecosystem, viral marketing, social media virality, influencer amplification, and AI-driven content distribution have become essential pillars for brand growth. *Viral Campaign Design Training Course* is designed to equip learners with cutting-edge skills in content virality engineering, engagement optimization, audience psychology, and platform-native storytelling. Participants will learn how to design campaigns that break through algorithmic barriers on platforms like TikTok, Instagram Reels, YouTube Shorts, X (Twitter), and Meta Ads ecosystems.

This training integrates modern frameworks such as attention hacking, meme marketing strategy, data-driven content testing, growth hacking funnels, and AI-powered creative automation. Learners will master how to convert ordinary content into high-performing viral assets using emotional triggers, trend-jacking techniques, and predictive analytics. By the end of the program, participants will be able to build scalable viral campaigns that maximize reach, engagement, conversions, and brand awareness in competitive digital markets.
